# The District of Columbia Air National Guard

Is an Equal Opportunity Affirmative Action Employer

**Technician Announcement Number:** 06-059

**Position:** Aircraft Maintenance Coordinator, GS-1101-11, 80404000

**Brief Description of Duties:** Responsible for the total squadron maintenance program, manages the overall direction of the maintenance effort, and enforces safe maintenance practices. In addition, responsible for identifying, assembling, and managing critical equipment items. Priority is placed on aircraft supporting operational requirements, scheduled and unscheduled aircraft maintenance, and aircraft used for maintenance and/or operations training. The focus is on aircraft generation in order to meet mission requirements. Incumbent has maintenance authority on airworthiness of aircraft based on knowledge of aircraft systems and safety of flight concerns. Ensures that a pilot pickup is accomplished for critical parts in order to expedite repairs of Not-Mission-Capable aircraft that receive the highest priority and depends on the critical need for the aircraft and its return to service. May verify Mission Capable (MICAP) requisitions. Participates in establishing the monthly and weekly maintenance plans. Attends the daily maintenance planning meetings for the purpose of incorporating unscheduled maintenance planning meetings for the purpose of incorporating unscheduled maintenance into the weekly and daily maintenance plans. Controls and coordinates maintenance activity on the flight line. Monitors aircraft maintenance in progress and evaluates estimated completion time against scheduling and planning requirements. May be required to coordinate with supervisors to select workers and assign tasks to be performed. When necessary, initiates action to resolve personnel shortages and coordinates requirements with the Maintenance Operations Center (MOC). Understands, executes, and coordinates specific disaster control duties including the provisions contained Air Force instructions, with regard to movement of aircraft, support equipment, and evacuation of flight line personnel. Performs other duties as assigned.

**Qualifications:** GS-11

**General Experience:** Experience, education, or training which demonstrates the applicant's knowledge of aircraft parts and components and an understanding of general mechanical systems; knowledge of and skill in the use of the proper tools to perform assigned work.

**Specialized Experience:**

Must demonstrate thirty-six (36) months experience in which the following Knowledge, Skills, and Abilities (KSA's) as described below have been attained.

**Knowledge, Skills and Abilities (KSA's) Statements (GS-11)**

1. Knowledge of the maintenance, modification, and repair of various types of complex aviation components and equipment on a combat or strategic fixed wing aircraft.
2. Knowledge of Emergency War Order (EWO) and contingency plans to successfully accomplish aircraft generation.
3. Knowledge of quality assurance sufficient to comply with Air Force directives and guidelines.
4. Knowledge and experience to observe and analyze production operations to determine if schedules are being followed, improved, and to determine the causes of production delays.

**Current Unit assignment, AFSC/SSI and Military Grade must be included on application.  
Incomplete applications will not be considered for employment.**
